**PRODUCT CATALOGUE & PRICE LIST | EDITION 2026**

## Your neighbourhood grocery store, since 2008

**FreshBasket Super Mart** is a family-owned neighbourhood supermarket that brings farm-fresh produce, everyday groceries and household essentials under one roof. Founded in 2008 by the Deshmukh family, the store started as a small 400 square foot fruit and vegetable shop and has grown into a 12,000 square foot supermarket serving more than 3,500 families every week.

We believe good food should be fresh, honest and affordable. We work directly with farmers and trusted brands, cutting out middlemen so that we can pass the savings on to our customers. Every product on our shelves is checked for quality, and our in-store bakery, meat counter and dairy section are cleaned and inspected daily.
